

SUMMER CAMP

KIRAN SOCIETY NEWSLETTER

Last week was our wonderful Summer Camp! In this newsletter, we invite you to discover with us this unique week, during which the children had a great time. Between the activities prepared by the teachers, the games, the snacks and the final performance, KIRAN celebrated the end of the year in beauty.

DISABILITY & GENDER EQUALITY

Every year, our Summer Camp is an opportunity to tackle an important theme. Once again this year, we've put the spotlight on equality, which we feel is essential for children to understand. During the activities, the children learn to listen to and respect each other. It's important to teach them from the outset to welcome others!

“

In today's era, the overall development of a society can only happen by providing opportunities to transgenders along with male and female. Education is the only tool that helps girls and transgenders to make their place valuable through greater participation in various platforms of the society.

Parents must take care of equal behaviour by providing more opportunities to girl child to reach outside the home and by involving boys in domestic activities.

Children with disabilities must be given opportunities to learn, play, and study with other children in school from the beginning so as to grow with positive self- esteem, and become contributing members of society.

Nidhi, director

RECIPE OF OUR SUMMER CAMP

1

A spoon of incredible activities prepared by the teachers

2

A big pinch of joy and good humour

3

A wonderful performance for parents at the end of the week

ACTIVITIES FOR ALL TASTES

At the start of the Summer Camp, the children were able to choose the workshop they liked best. Every day, they were able to gradually develop their talents through patience and creativity.

6 workshops offered

Dance

Crafts

Computer class

Drama

English class

Singing

This year, 210 people took part in the Summer Camp, including children, teachers and volunteers.

The children created drawings, paintings, lamps, decorated envelopes and vases.

"We really enjoyed Summer Camp this year! For some of us, it was our first time on stage. It was pretty impressive. But we're happy to have been able to show our parents our play. We had to rehearse a lot and memorise some of the lines. It was hard work, but we had a lot of fun.

Children from drama club

CHILDREN SANG A GERMAN SONG FOR THE LAST DAY

"Come with me to the rainbow to get a piece of joy.
and once you are there, just look back:
All the good people of the earth are so tiny small.
That's why we must stand together, and be friend - always!

The sun, the moon, the sky and the stars
are all taking so good care of us.
They show us the marvels by day and by night.
All you people of the earth sing with us this song,
of Love and of Hope, of Peace and Happiness."

SUCCESS STORY OF MANCHA

I love dancing! That's why this year I've chosen to join the Summer Camp dance activity. We practised a lot every day. We had to learn the choreography, get the rhythm right, repeat the same movements so that they were perfect and synchronised. I did this with some friends from Girls Hostels. We had a lot of fun, because we love dancing.

My wheelchair isn't a burden. On the contrary, it allows me to dance in a different way. We made a pyramid with the other children. The result was really good.
